Ex-officio Members ... 4 | *Non-official Members* ... 27

Absent.

On 3rd January 1925 ... 8 | On 5th January 1925 ... 12

P. G. D'Souza, Esq., B.A., B.L., Director of Industries and Commerce in Mysore, attended the meeting on the 3rd instant and A. A. Khan, Esq., Traffic Manager, Mysore Railways, did so on the 5th instant, together with T. Nagappa, Esq., B.A., Assistant Traffic Superintendent, Traffic Inspector and Traffic Canvasser and both of them addressed the members of the District Board.

6. G. O. No. L. 2323-3—L. B. 59-23-19, dated 15th September 1924, reviewing the progress of drinking water-well works in the several districts during the half-year ending 31st December 1923.

Resolution.—Recorded. Copies of the review may be sent to Taluk Boards with a request that more satisfactory progress may be achieved as the summer is fast approaching. It may be brought to the notice of Government that the procedure proscribed for the supply of dynamite for sinking wells requires simplification without which the progress of drinking water-wells would be considerably retarded.

7. G. O. No. L. 3616-25—San. 50-23-5, dated 10th November 1924, sanctioning the allotment of funds for the several districts under the Malnad Improvement Scheme.

Resolution.—(1) Recorded.

(2) The following roads may be taken up at once, out of the sum of Rs. 3,000 allotted for the district:—

(a) Improvement to Alur-Biccode road may be taken up and in laying out the alignment care may be taken to see that parts of Manjarabad Taluk are also reserved by this road.

(b) The Shanivarsanthi-Mallipatna road may be put in order, as this will considerably reduce the distance from Mallipatna to Coorg, opens up the country in those parts, facilitating the development of traffic.

(c) The road from Chengadihalli to Hosur may be improved.

(2) The formation of a road to link up Konanur with Kodlipet-Frazerpet road may also be taken up, as this will open up the country, develop traffic, and afford convenience to the people to a large extent, besides reducing the distance from Konanur to Somawarpet.

(3) The provision under Vidyasahas is reduced to Rs. 2,100 only for the year 1924-25, and this results in taking away Rs. 500 from the allotment sanctioned for 1924-25, in Government Order No. L. 8637-9—San. 47-23-2, dated 25th April 1924. The attention of Government may be invited to the said order for kindly restoring the grant to the sanctioned allotment of Rs. 2,600.

(4) The allotment does not provide for local allowance and contingencies for the four malnad improvement vaccinators which had been provided for during 1923-24. (Vide G. O. No. L. 2226-31—San. 67-22-3, dated 18th September 1923.) Government should, therefore be requested to kindly allot funds for the same at the rate of Rs. 2 per mensem for local allowance and Re. 1 per mensem for contingencies, for each of them, making a total of Rs. 144 for the whole year.

(5) The Board begs to reiterate its request for the opening of the Maternity at Saklespur on of Malnad Improvement or State Funds, on account of its pressing necessity in an important malnad centre, the local bodies having already contributed their mite towards the cost of the building which is completed and is available for use.

5. (a) Local and Legislative Secretary's letter No. L. 598 dated 23rd July 1924, requesting to furnish the views of the District Board as to what extent the existing rules relating to the registration of vital statistics under G. O. No. 6664-71—San. 61-15-3, dated 10th March 1916, might be adopted and what modifications, if necessary, are required in them.

(b) Proceedings of the meeting of the Committee appointed by the District Board, to consider the above question in all its aspects.

Resolution.—The Report of the Sub-Committee may be adopted with the observation that the headings in the existing forms may be simplified and rendered more clear and less elaborate.

6. Hassan District Deputy Commissioner's No. O. C. 370-23—C., dated 14th December 1924, forwarding copies of Government Order No. L. 3639—Ml. 107-24-4, dated 17th November 1924, and L. 4178—Ml. 107-24-7, dated 9th December 1924, re the constitution of the Municipal Council of Banawara in Arsikere Taluk.

Resolution.—Recorded. A reference may be made to Government for definite orders about the policy to be adopted as regards the adjustment of the financial obligations of the Municipality, the Local Boards and Government in the matter of the maintenance of roads, disposals of balances to the credit of the Panchayat, contribution for the maintenance of hospitals, etc., in the case of this Municipality and in all other cases of conversions where definite orders have not yet been passed, such as Konaqur, etc.

7. (a) Hassan District Deputy Commissioner's Memo No. N. Dis. 388-24, dated 17th December 1924, forwarding for disposal a petition received from the villagers of Bhaktarvalli in the Channarayana Taluk, praying for completing the well work partially executed by them, as they are too poor to execute further work.

(b) Channarayana Taluk Board President's Report No. 145, dated 13th August 1924, forwarding for sanction a fresh estimate for Rs. 406 for completing the old well work at Bhaktarvalli in Anati hobli, the old estimate of 1914, having been cancelled in 1920, as the villagers have since executed further revetment work in respect of the well which contains 12 feet of water.

Resolution.—Deferred for personal inspection by the President or Vice-President of the District Board.

8. D. O. No. St. 840, dated 17th December 1924, received from the Inspector-General of Education in Mysore, requesting the Board to make some money-contribution towards the cost of the Silver Mace for the prospective Sri Krishnaraja Trophy, in case the one awarded by the Kolar District Board be finally won by the Bangalore Scout Troop once again.

Resolution.—A sum of Rs. 50 may be paid for the purpose.

9. G. O. No. 3939-40—R. C. 886-23-6, dated 9th December, 1924, sanctioning the proposal of the Director of Industries and Commerce, re the transfer of the equipment of the late workshop at Tumkur to Hassan and the opening of a workshop at the latter place.

(b) Reference No. C. 184—305, dated 18—19th December 1924, from the Superintendent of Industries, Mysore, forwarding copy of his letter No. C. 182, dated 18th December 1924, to the Director of Industries and Commerce in Mysore, proposing the shifting of the present Industrial School, Hassan, to some place near the English High School, by adding one or two rooms, and locating both the school and the workshop at the place, and transferring the trusses and G. I. roofing of the Tumkur Machine shed to this place.

Mr. P. G. D'Souza, B.A., B.L., Director of Industries and Commerce in Mysore, addressed the Board and requested that a contribution of Rs. 2,500 may be paid from the Board and that he would take steps to get the balance from the Government to construct a building for locating the Industrial School and the Workshop.

Mr. H. V. Rangaswami, Vice-President, District Board, suggested that this question may be taken up for consideration under the scheme for starting at Hassan a Central Panchama Institution for boys and girls with provision for primary education, boarding and practical instruction agreed upon between the Inspector-General of Education and the Education Sub-Committee of the District Board at their meeting held on 12th October 1923 in the matter of the utilisation of the education cess realisations and approved by the Board.

Resolution.—A lumpsum contribution of Rs. 2,500 may be made for the initial cost of the building out of the provision of Rs. 5,000 agreed to be set apart for the starting of the Central Panchama Institution at Hassan, out of the education cess realisations, as resolved by the Education Sub-Committee at its meeting held on 12th October 1923, and approved by the District Board at its meeting held on 17th November 1923, it being distinctly understood that the balance of the cost would be borne entirely by the Government, in view of the facilities that will be afforded to all students ordinarily and also to the students of the contemplated Central Panchama Institute.

2. That the Town Municipal Council of Hassan and the authorities of the Education Department may be requested to kindly place a suitable site of about 5 acres in extent, free of cost, in the neighbourhood of the Government English High School and the Sandal Koti for the purpose of the said building.

10. Letter No. 1286, dated 18th December 1924, from the Assistant Registrar of Co-operative Societies, Mysore Division, forwarding for favourable consideration an extract from the proceedings of the General Meeting of the Thunbadevanaballi Grain Bank, in the Belur Taluk, in the matter of financial help for constructing a granary for storing up grain collected in the Society.

Resolution.—This may be referred to the Taluk Board for opinion.

12. (a) Mr. Bellur Nanjagowda's proposition that a cattle show may be held annually at the junction of the Uchangi-Hebbur and Bisle roads in the Manjarabad Taluk as it will tend to improve the finances of the District Board, etc.

(b) District Board Vice-President's notes of inspection of the locality, with reference to the question of holding the said show as proposed, as well as improvements and alterations to be made at Bisle, and alternative proposals to increase the finances of the Board in connection with the annual cattle show that is being held at Kulagunda near Subrahmanya by the levy of enhanced fees for cattle going to Kulagunda during the jatra at Subrahmanya.

Resolution.—The proposals of the Vice-President, District Board are approved, except as regards the recommendation to the levy of enhanced fees on cattle passing through the Bisle toll-gate and abandoning the idea of holding a cattle show on this side of Bisle. On these two items, the opinion of the Taluk Board may be invited, and it will be requested to consider the suggestion that though the fees payable on every head of cattle passing out of the said toll-gate to Kulagunda side be raised, a refund of half the fees may be allowed in respect of cattle that return from the show without being sold.

18. (a) Mr. Nagappaiah's proposition about the payment of daily allowance to District Board members residing at district headquarters for attending the Board's meetings.

(b) Resolution No. 24 of the Hassan District Board dated 15th November 1924, on the subject, deferring this subject to this day.

Resolution.—The mover withdrew the proposition, as the resident members themselves are not in favour of receiving such allowances.

14. (a) Mr. Maralusiddappa's proposition that the Incomplete Middle School at Halkur abruptly transferred to Mettikurke may be restored, himself undertaking to get half the cost of the building from the villagers.

(b) The resolution of the District Board thereon (No. 25, dated 15th November 1924) deferring the subject to this date.

Resolution.—The matter was discussed at some length. The District Inspector of Schools explained to some extent the circumstances under which the Incomplete Middle School started at Halkur some ten months ago was transferred from there only after seven months duration to Doddametkurke. Mr. S. Venkatesaiya, at this stage wanted some information relating to the said school from the District Inspector of Education, so far as he could furnish them without disclosing departmental secrets, if any. The subject is therefore referred to the Education Sub-Committee meeting to be held to-morrow, when Mr. Maralusiddappa also will be present, and the subject will be taken up for discussion on the 5th instant by the Board. A memo of information required will be furnished to the District Inspector of Education.

On the 5th instant, the discussions were resumed.

Resolution.—The Resolution of the Sub-Committee:—"that, having regard to efficiency attendance and policy of continuity at least during the academic year, it is of opinion that the precipitate transfer in the middle of the year of the Incomplete Middle School from Halkur to Doddametkurke is highly regrettable and that, even without extending the courtesy of inviting the opinion of the District Board; and that the Halkur Incomplete Middle School should immediately be restored is approved."

15. Arrangements to be made in connection with the ensuing Mastakabhishekam function at Sravanabelgola. (b) Mr. M. L. Vardhamanaya's letter on the same subject.

Propositions.—(i) As the Municipal Council at Sravanabelgola cannot by itself undertake the entire management, the District Board may take up the responsibility and do the needful with the co-operation of the Local Municipal Council and other departments, the concern being more or less a provincial one.

(ii) An Exhibition may also be held, if possible.

(iii) Toll-gates may be opened temporarily at convenient centres on the roads leading to Sravanabelgola, the realisations being credited to the District Funds as before.

(iv) References may be made to other departments, i.e., Medical, Sanitary Veterinary, D. P. W. and other departments for taking needful steps in respect of the matters concerning their respective departments, suitable financial aid being rendered by the Board.

Mr. S. Venkatesaiya, moved the proposition that instead of the Board taking the initiative which the Local Municipal Council may or may not relish, a resolution to the following effect may be adopted:—

"That the District Board would be glad to co-operate to the full with the Sravanabelagola Municipality in all sanitary and other measures connected with the jatra".

- Resolutions.*—(1) The suggestion made by Mr. Venkatesaiya is carried by the Board, only one member being neutral; and this resolution is adopted.
 (2) The road leading from Channarayana to Sravanabelagola may be put in order at once, the modified estimate furnished by Executive Engineer for Rs. 1,339, being approved.
 (3) A sum of Rs. 500 may also be spent for extraordinary contingencies for the repairs of roads in connection with the jatra.

- (a) Kannada Schools (boys),
 (b) Hindustani Boys' Schools,
 (c) Depressed Class Schools.

4. Primary Schools to be converted into Incomplete Middle Schools.

Resolution.—With the information made available this Committee feels that no proposals can be made, and it further feels that a Conference of Taluk Board Vice-Presidents and Educational Officers of the district with full information may be called and details settled.

III. Letter dated 9th October 1924, received from the Chief Secretary to Government, re issuing crossed cheque for Rs. 25,000, being the amount of contribution payable by the District Board under the G. O. No. E. 6311-21—Edn. 459-22-1, dated 30th May 1923, for educational purposes.

Resolution.—The Committee is of opinion that the Government may respectfully be requested to refer to an eminent legal authority, to be nominated by Government, the question regarding Government's competency to withdraw and reappropriate funds already granted by it.

IV. Halkur School.

Resolution.—Having regard to efficiency, attendance, and policy of continuity at least during an academic year, the Committee is strongly of opinion that the precipitate transfer, in the middle of the year, of the Incomplete Middle School from Halkur to Metikurke is highly regrettable and that, even without extending the courtesy of inviting the opinion of the District Board.

The Committee further is of opinion that the Halkur Incomplete Middle School should immediately be restored.
